

Las Vegas SHOW Conference

The Las Vegas SHOW Conference will be held at the beautiful Alexis Park Resort Hotel located within walking distance of the famous Las Vegas Strip and just minutes from McCarran International Airport with the Hard Rock Hotel and Casino across the street. It will have two concurrent tracks—one involving safety topics for the home, office, and workplace and the other with a health emphasis in these areas. There will be an exhibit hall filled with a variety of vendors catering to the safety and health community. On the Saturday following the conference you can enjoy a golf tournament at a fabulous Las Vegas golf course.

Space is Limited
